# No two people are alike.

With different wants, different needs and different interests, it's not easy to find something that's a perfect fit for everyone. The same is true for Medicare supplement insurance coverage.

**We want to make sure the insurance plan you select is one that's right for you.**

## Our Medicare Solutions

While Original Medicare pays much of the cost for your health care services and supplies, it doesn't pay for everything. That leaves you to cover the cost of deductibles, coinsurance and copayments. In addition, Original Medicare doesn't provide coverage for dental and vision care services, so the responsibility of enrollment, premiums and other costs are yours as well.

Mutual of Omaha and its affiliates offer a variety of Medicare Solutions to help you pay many of the out-of-pocket expenses Medicare doesn't cover.

### Medicare Supplement Insurance

Medicare supplement insurance policies from **United World Life Insurance Company** are designed to help you pay the remaining costs after Medicare has covered its share, including deductibles, coinsurance and copayments. We offer a variety of Medicare supplement insurance plans, and we'll help you select the one that best meets your needs and fits your budget.

### Dental & Vision

Dental insurance policies from **Mutual of Omaha Insurance Company** provide coverage for preventive, basic and major dental services. For a few dollars more, you can add an optional vision benefit rider to help cover the cost of eye exams, eyeglasses and contact lenses.
